# Design Trends for Your Home

Summer 2022

The background of the slide is a photograph of a modern office space. It features large windows with a grid pattern, a desk with a chair, and various office equipment. The image is slightly faded to allow the text to be the primary focus.

***Trend: (Noun)***

A general direction in which something is developing or changing.

*History repeats itself!*

*Some trends are here to stay, some will go.*

## Stained Wood Trim

Letting the natural wood tones shine.

## Bold Accent Points

Add a pop of color to cabinets, islands, and doors.

## Large External Slider Doors

Bringing the outside in with lots of natural light in the home.

# Wood Built Ins

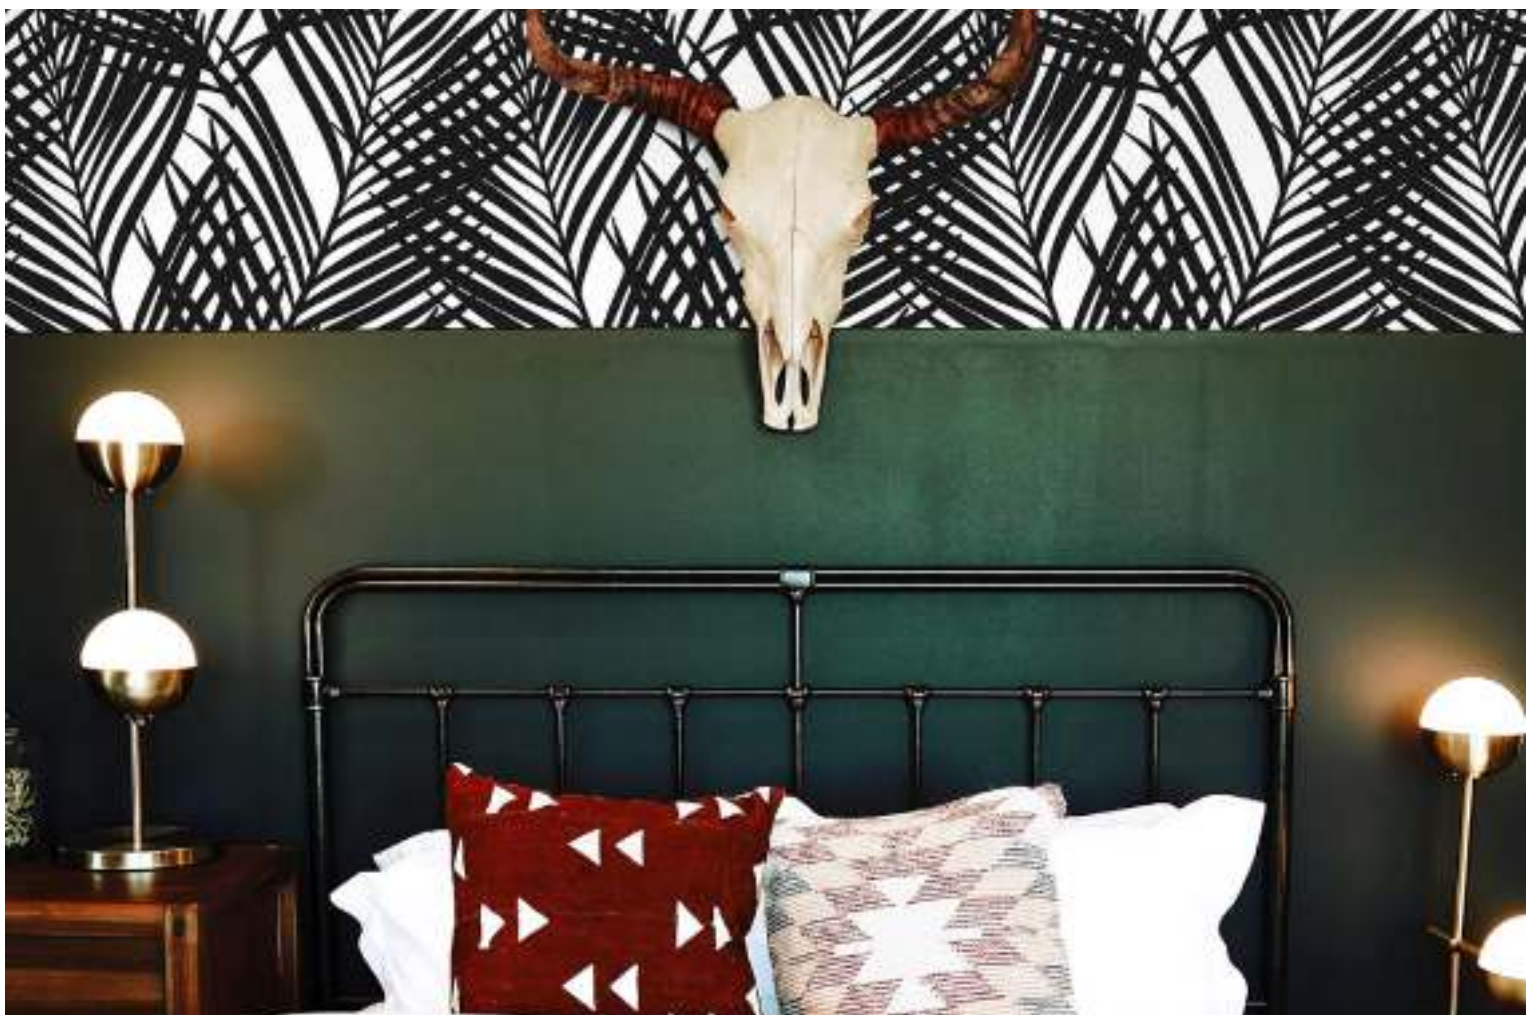

Built-in storage for knick-knacks and more.

# Bold Wallpaper

Add a bold pop to rooms in your home.

## Plant Love

Built-in space for your plant babies to thrive.

# Green, Green, Green

Bring the outdoors in with  
accent walls, cabinets, tile,  
and furniture.

# New Vibe Kitchens

Gorgeous full height  
backsplashes, color, and  
funky tile patterns.

## Wood and Moody Tones

Bringing a darker element to the home.

## Bold Patterns

Unique walls, floors, and backslashes that will wow your guests.

# Detailed Ceilings

Let your ceilings speak for themselves.
